volzDispenser 161-6200

volzDispenser 161-6200 is an industrial tape dispenser with electric motor for cutting high-adhesion adhesive tapes, metal foils, cover foils, tubes and other materials to length. Robust stainless steel housing with integrated roller suspension for solid use in industrial applications. Efficient guillotine cut with finger protection and switch-off contact. The device is optionally expandable and can be adapted to special applications.

Nominal Values

Length Calibration	Control Panel
Power Consumption	100 W
Tape Width	20 mm – 200 mm
Tape Length	20 mm – 999 mm
Max. Roll Diameter	Innendurchmesser 75 mm (optional anpassbar), Außendurchmesser bis zu 300 mm (optional anpassbar)
Type of Rolls	High-adhesion adhesive tapes, metal foils, cover foils, tubes and other materials
Required Space (LxWxH)	270 mm x 325 mm x 335 mm
Weight	12,00 kg
Mode	Automatic
Type	Strip Dispenser
Effective	18 March 2024

We provide the technical data of our products to the best of our knowledge, but without obligation. Due to the wide range of material and environmental influences, we recommend a suitability test on original products prior to use. Please also note the standard processing guidelines for adhesive tapes, which we will gladly send you upon request.
