

# Processing Devices

For Single and Double-Sided  
Tapes, Labels and Die-Cuts

VOLZ® TAPES is your specialist in self-adhesive technology. We deliver a large array of technical **self-adhesive tapes, die-cut parts, packing-materials and processing devices**.

In our state-of-the-art production facility, and in close cooperation with you, we develop custom solutions and products to meet your specific application demands. From your first inquiry, to the delivery of the final product from our facility, we develop adhesive tape solutions of the highest quality.

VOLZ® TAPES is not only DIN EN ISO 9001:2015 (Quality Management) and DIN EN ISO 14001:2015 (Environmental Management System) certified, but also a UL certified re-packer, thus fulfilling GS1 standards by participating in the global GS1-System. In our modern equipped laboratory, we conduct all required tests such as: the adhesive peel of 90° & 180°, tensile strength, ultimate elongation, shear strength, rolling ball tack, loop tack and thickness test.

We are an active member of Afera ([www.afera.com](http://www.afera.com)) and conduct our tests by this norm. Upon request, we also conduct tests using other customer required criteria.

Since 2014 we have been developing and producing double-sided adhesive tapes. Whether you need large or small jumbos, log rolls or other cut rolls, spools, plan rolls in neutral or in your own packaging, VOLZ® TAPES has the right solution to meet your most challenging needs.

Tremendous flexibility. Quick response and production times. VOLZ® TAPES is your versatile self-adhesive solutions expert.

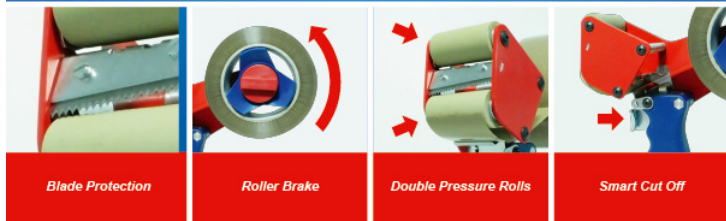

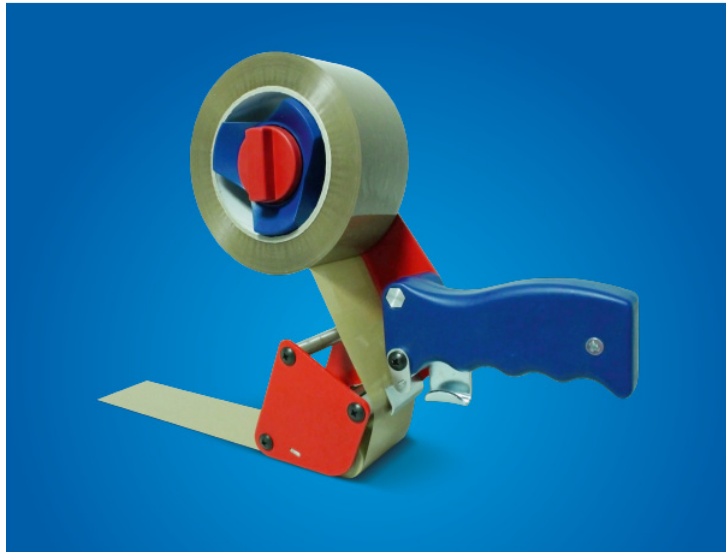

### Processing Devices Simplify Your Production Processes

Processing devices rapidly and accurately handle single and double-sided tapes, labels and die-cuts, saving you time and money during production.

On the following pages, you will find an overview of our processing devices including information regarding our hand, bench, automatic tape, label and die-cut dispensers, as well as other accessories to augment your workflow and increase productivity. Matching spare parts and services are available for each individual product.

If the desired product is not listed or if you have any questions, please do not hesitate to contact us. Our contact information may be found on the reverse side of this catalog.

### **PACK** PROFI 161-21402 *Manual Tape Dispenser*

The well tested 161-21402 simply outperforms other professional manual tape dispensers.

**Are we proud? Definitely, and for good reasons:**

- 1 Ergonomic and easy to handle.
- 1 Roller brake offers easy and fast tape dispensing.
- 1 Double pressure rolls for simple, smooth tape application.
- 1 Strong metal parts, yet still lighter than other top professional manual dispensers.
- 1 Easy trigger release, therefore comfortable for continual, all-day use.
- 1 High-quality, sharp blade with finger protection minimizes stress on device joints and protects the user while providing a clean, straight cut.
- 1 Optimally mounted tension springs minimize the stress on the tape, maintaining tension without overstretching.
- 1 Neutral packaging permits marketing by multiple dealers.

## Accessories

### Product picture

### Description

#### Dispenser Mounting Plate with Tape Holder

- Allows the tape roll to be secured on the dispenser mounting plate
- For rolls with a max. 320 mm external diameter
- Suitable for: 161-0256, 161-0269 and 161-0269-F

#### Elevated Dispenser Holder with Tape Holder

- Dispenser holder with adjustable slant
- For rolls with a max. 320 mm external diameter
- Suitable for: 161-0256, 161-0269 and 161-0269-F

#### Dispenser Mounting Plate with Rewind Option

- Automatic rewind of the release liner
- Suitable for: 161-0256, 161-0269 and 161-0269-F

#### Elevated Dispenser Mounting Plate with Rewind Option

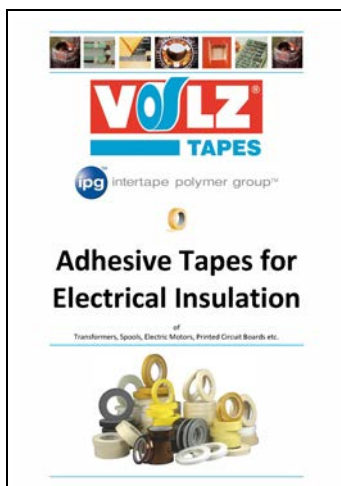

- Adjustable slant
- For max. 150 mm external roll diameter
- Automatic rewind of the release liner
- Suitable for: 161-0256, 161-0269 and 161-0269-F
