

YOUR EXPERT IN ADHESIVE TAPE SOLUTIONS

VOLZ® TAPES is your competent partner for high-end, cost effective, self-adhesive tape solutions. Our extensive product portfolio offers a variety of standard and specialty tape products, supporting advanced industry applications, as well as standard and comprehensive packaging requirements. We utilize Coating, Converting and Distribution to provide turn-key solutions to meet our customers' most complex industry challenges. Our advanced production facility is capable of cutting any tape width or producing die-cut solutions to your exact specifications.

A Bond That Lasts!

Our innovative experts are happy to provide on-site assistance to develop the most cost effective solutions to meet your exact requirements.

COATING: CUSTOMIZED ADHESIVE SOLUTIONS

VOLZ® TAPES develops and manufactures sophisticated electrical and double-sided adhesive tapes. We coat customer specific carrier materials with varying high-end adhesive combinations to create innovative, individualized tape solutions.

CONVERTING: CUSTOM MANUFACTURING

When a standard industry tape is not applicable, VOLZ® TAPES fills the void with a custom designed and manufactured product. High-quality adhesive tapes and die-cut elements are developed to customers' distinct specifications and are delivered in small rolls to Jumbos, and in custom width and lengths.
